

TORS

TIME OFF REQUEST SYSTEM

VIH Aerospace has asked Team TORS to create a time off request system that helps their employees submit holiday requests online. Each request will need to be approved by a supervisor and a manager, while invoking a pre-existing notification system. This system will be fully integrated with VIH Aerospace's internal web portal.

Melissa Page

Melissa has always had an interest in technology. She taught herself most of her skills before enrolling at Camosun. She hopes to work at a local start-up or a remote company creating either web or android apps.

Role(s): Project Manager, Programmer

Hobbies: Drawing, Gaming, Hiking

Contact: miss.melissa.page@gmail.com, www.melissapage.ca

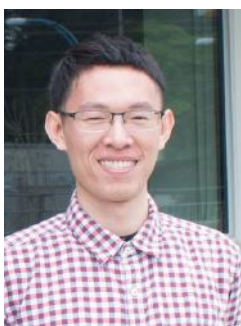

Nahian Aziz

Nahian started his education in Visual Arts before changing his path to the Computer Systems and Technology program. After learning many valuable skills, Nahian hopes to work as a software developer for a startup company one day.

Role(s): Programmer

Hobbies: Movies, Music, Basketball, Gym & Cooking

Contact: nbaziz14@gmail.com

Allen Feng

Allen is looking forward to helping people reduce their work tasks by creating automated tools. After graduating from Camosun College, he would like to develop software that helps small businesses grow.

Role(s): Programmer

Hobbies: Reading, Gaming

Contact: allenfeng.af@gmail.com

Team TORS would like to thank their project sponsor at VIH Aerospace, Keegan Laur, as well as Camosun College for supporting them during this project. They are looking forward to working together and helping the employees at VIH Aerospace request time off easier.
